

Familiar environment
 Consistent interface(s)
 Zero client footprint option
 Links to wider portal/Matlab facilities
 (Virtual Research Environment)
 Drill down to specialist clients and
 direct access to lower layers

Front End

Simple abstract interface to resources
 Integrated suite of defined services
 (Cardiac/Tumour modelling)
 Web Service interfaces
 Standard based (where/when possible)
 Extensible
 Support for workflow enactment
 Built-in Metadata/Provenance handling

IB Services

Web (Grid?) Service interface
 De facto standards
 Reuse existing access mechanisms
 Extensible to other specialist infrastructures

Basic Services

Infrastructure
