

## An integrated environment for tumour modelling

- Job submission and management
- Simulation development environment
- Model and cell image repositories
- Advanced visual data management
- Data management using SRB
- Advanced image processing on the Grid
- Advanced visualization on the Grid
- Client side libraries
- Multiple desktop toolkits
- CSCW for multi-scale modelling
- Annotation tools on the Grid
- Semantic and Ontology tools
- Security via MyProxy and GSI
- Grid enabling applications

Lakshmi Sastry, Katie Weeks, Ronald Fowler and Srikanth Nagella
